Allowable Subject Matter

Claims 1-3 and 5-14 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art (in particular Bonfils, FR 2,837,436) discloses a seat structure with a supporting pressure adjusting means to adjust the supporting pressure of a cloth spring by increasing its tension, and other references cited in the previous Office action further disclose tension adjusting means with some similarities to applicant's claimed invention. However, the prior art fails to show a torsion bar horizontally hung in the rear of the cushion frame with an L-shaped arm rotatable about the torsion bar and a rear end supporting frame with the rear end of the cloth spring connected to it also hung to the torsion bar via the L-shaped arms.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
